

GIELRSA III ANNUAL CONGRESS

Scientific Program

& Agenda

DATE	LOCATION	VENUE
3 – 4 July 2026	Batumi Georgia	Courtyard by Marriott

I

DAY I · FRIDAY

July 3, 2026

Scientific sessions · Format: 20 minutes (15 min presentation + 5 min discussion)

07:00–08:30	Registration	
08:30–09:00	Opening remarks	Anzor Kvashilava Georgia
9:00–10:00	Colorectal Surgery	
	CHAIR Koray Karabulut Turkey	CHAIR Anzor Kvashilava Georgia
09:00–09:20	The current concepts in the treatment of colorectal cancer	KORAY KARABULUT Turkey
09:20–09:40	Colorectal tumor with liver metastasis – modern treatment strategy - The actual role of Surgery in the Low Rectal Cancer	Kakhaber Kashbadze Georgia
09:40–10:00	Minimally invasive treatment of colorectal cancer	Anzor Kvashilava Georgia
10:00–11:00	Abdominal Wall And Hernia Surgery	
	CHAIR Giorgi Giorgobiani Georgia	CHAIR Tamaz Gvenetadze Georgia
10:00–10:20	Current recommendations in the treatment of midline incisional hernias	Emzar Diasamidze Georgia
10:20–10:40	Effectiveness of mesh hernioplasty in incarcerated inguinal hernias	Tamaz Gvenetadze Georgia
10:40–11:00	Surgical management of hernial infected mesh	Giorgi Giorgobiani Georgia
11:00–11:30	Coffee Break	
11:30–12:30	Pancreatic Surgery	
	CHAIR Dimitri Akhaladze Georgia	CHAIR Guram Akhaladze Georgia
11:30–11:50	Advanced HPB Surgery in Georgia: Feasibility and outcomes	Guram Akhaladze Georgia
11:50–12:10	Pediatric Hepato-Pancreato-Biliary Surgery Current Challenges and Future Perspectives of Specialization	Dimitri Akhaladze Georgia
12:10–12:30	Laparoscopic Pancreatoduodenectomy-Technical aspects	Anzor Kvashilava Georgia
12:30–13:30	Hepato-Biliary Surgery	
	CHAIR Koba Shanava Georgia	CHAIR Kakhaber Kashbadze Georgia
12:30–12:50	Robot assisted liver resection	KORAY KARABULUT Turkey
12:50–13:10	Laparoscopic liver anatomical resection – when is it safe	Anzor Kvashilava Georgia
13:10–13:30	Current Trends in Surgery of multiple colorectal liver metastases	Dimitri Akhaladze Georgia
13:30–14:00	Lunch time	
14:00–15:00	Thoracic Surgery	
	CHAIR Ivane Kiladze Georgia	CHAIR Murat Kara Turkey
14:00–14:20	Videothoroscopic non-arterial fissureless lobectomy for lower lobes a novel surgical technique for lung carcinoma	Murat Kara Turkey
14:20–14:40	Lung cancer in Georgia: diagnostic and treatment challenges	Ivane Kiladze Georgia
14:40–15:00	Surgical treatment of thoracic malignancies with uniportal VATS	Irakli Kobidze Georgia
15:00–16:00	Robotic Surgery – Present And The Future	
	CHAIR Guram Karazanashvili Georgia	CHAIR ABDULMUTALIP SIMSEK Turkey
15:00–15:20	Complex urological surgery performed robotically, a world experience in Georgia	Guram Karazanashvili Georgia
15:20–15:40	Robotic Abdominal Surgery: The Bariatric Surgery Experience	David Abuladze Georgia
15:40–16:00	Robot - Assisted Radical Prostatectomy : Tips and Tricks	ABDULMUTALIP SIMSEK Turkey
16:00–18:00	Workshop	
16:00–17:00	Abdominal US live masterclass	Ercan Kocakoc Turkey
17:00–18:00	US guided Liver intervention live masterclass	Malkhaz Mizandari Georgia

II

DAY II · SATURDAY

July 4, 2026

Scientific sessions · Format: 20 minutes (15 min presentation + 5 min discussion)

07:00–08:30	Registration	
9:00–10:20	Bariatric, Metabolic And Plastic Surgery	
	CHAIR Koba Sakhechidze Georgia	CHAIR Juansher Babaevi Georgia
09:00–09:20	ERAS protocol in bariatric surgery: standard and reality	Koba Sakhechidze Georgia
09:20–09:40	Side-to-side magnetic compression duodeno-ileostomy with magnet anastomosis system	David Abuladze Georgia
09:40–10:00	Rebariatric surgeries, challenges and solutions	Juansher Babaevi Georgia
10:00–10:20	Complications of bariatric surgery and their management	KORAY KARABULUT Turkey
10:20–11:40	Interventional Radiology	
	CHAIR Malkhaz Mizandari Georgia	CHAIR Ercan Kocakoc Turkey
10:20–10:40	The role of interventional radiology for biliary pathologies	Ercan Kocakoc Turkey
10:40–11:00	Percutaneous image guided management benign biliary strictures – from balloon dilatation to bilio-entero-neoanastomosis formation	Malkhaz Mizandari Georgia
11:00–11:20	Percutaneous image guided management of chronic pancreatitis – technique and results	Tamta Azumelashvili Georgia
11:20–11:40	Comparison US and CT guided bile duct percutaneous drainage – which and when?	Irakli Tortladze Georgia
11:40–12:00	Coffee Break	
12:00–13:00	Tissue And Organ Transplantation	
	CHAIR Koba Shanava Georgia	CHAIR Kakhaber Kashbadze Georgia
12:00–12:20	Biliary Reconstruction During LDLT	Koba Shanava Georgia
12:20–12:40	Biliary Reconstruction Using Y-Shaped Stent	Vakhtang Kerkadze Georgia
12:40–13:00	The importance of living donor liver transplantation as a treatment for liver cancer indications and contraindications	Kakhaber Kashbadze Georgia
13:00–13:20	Technical aspect during liver retransplantation challenges and results	AYHAN DINCKAN Turkey
13:30–14:30	Endoscopy	
	CHAIR Levan Kojava Georgia	CHAIR Giorgi Sitchinava Georgia
13:30–13:50	Endoscopic management of choledocholithiasis	Giorgi Sitchinava Georgia
13:50–14:10	Complications of GI tract stenting and solutions	Oleg Kojava Georgia
14:10–14:30	Management of gallstones complicated with choledocholithiasis using rendezvous method (Laparo-endoscopic treatment)	Levan Kojava Georgia
14:30–15:00	Lunch time	
15:00–16:00	Advances And Challenges In Modern Oncology	
	CHAIR Ivane Kiladze Georgia	CHAIR Adnan Aydiner Turkey
15:00–15:20	The Role of Systemic Therapy in Gastric Cancer	Adnan Aydiner Turkey
15:20–15:40	Can immunotherapy replace surgery in some solid tumors: innovation and inequity in cancer care	Ivane Kiladze Georgia
15:40–16:00	Lung Cancer Update	Murat Kara Turkey
16:00–17:00	Anesthesiological Management Of Major Surgical Interventions	
	CHAIR Mariam Labuchidze Georgia	CHAIR Ketevan Arabidze Georgia
16:00–16:20	Bilateral Adrenalectomy with Complicated Intraoperative Hemorrhage: Perioperative Management	Mariam Labuchidze Georgia
16:20–16:40	Hyperosmolar solution in the anesthesia care of left atrial	Eka Kikilashvili Georgia
16:40–17:00	Postoperative Pain Assessment and Principles of Multimodal Analgesia	Shavleg Kutaladze Georgia
17:00–18:00	The Role Of Computed Tomography And Magnetic Resonance Imaging In Planning Complex Surgical Operations	
	CHAIR IRAKLI TORTLADZE Georgia	CHAIR Ercan Kocakoc Turkey
17:00–17:20	CT protocol for pancreatic head cancer	Ercan Kocakoc Turkey
17:20–17:40	low dose CT imaging place and benefits in complex surgical cases	IRAKLI TORTLADZE Georgia
17:40–18:00	Integrated CT and MRI in Precision Planning of Complex Surgical Operations	Irakli Gakhokidze Georgia
18:00–20:00	Workshop	
18:00–19:00	Poster Session	
19:00–20:00	Laparoscopic training Box masterclass	Anzor Kvashilava Georgia
